PETITION TO THE HOUSE OF COMMONS IN PARLIAMENT ASSEMBLED

GREEN BUILDING STANDARDS

We, the undersigned residents of Canada draw to the attention of the House the following:

THAT, WHEREAS the advent of climate-change makes reducing energy consumption a necessity;

WHEREAS 17% of all energy consumed in Canada is used to power home;

WHEREAS most of this consumption is waste resulting from inefficient appliances, home design, and insulation; and

WHEREAS it is cheaper to build an energy-efficient home than it is retrofit one that is not,

THEREFOR, YOUR PETITIONERS call upon the Government of Canada to work with the provinces and territories to develop a new national building codes that reduces overall energy demands to 15% of what current structures use.
