PETITION TO THE HOUSE OF COMMONS IN PARLIAMENT ASSEMBLED

PERMANENT NATIONAL PUBLIC TRANSIT STRATEGY

Whereas:

- Action on public transit means action on climate change, as transportation is responsible for approximately 25 per cent of Canada's greenhouse gas emissions; and,
- According to the Federation of Canadian Municipalities, a transition to zero-emission public transit can help Canada reach its 2030 Paris Climate Agreement commitments;

We, the undersigned citizens and residents of Canada call upon the House of Commons in Parliament assembled to:

- Establish a permanent federal funding mechanism for public transit that goes above and beyond current plans;
- Work together with all levels of government to provide sustainable, predictable, long-term, and adequate funding; and,
- Establish accountability measures to ensure that all governments work together to increase access to public transit.
