FYI

CHILD RESTRAINTS

Children under 40 pounds, or less than 4 years old, must be restrained with a certified child safety restraint while traveling in motor vehicles in Ohio.

SPEED LIMITS

We want your journey to be safe and pleasant. Ohio's posted speed limit is 65 mph on most interstates. Follow the posted speed limit, especially in construction zones. Fines may be doubled in construction zones.

SAFETY BELTS REQUIRED

Ohio state law requires the driver and front seat passengers in vehicles to wear safety belts. Your life is in your hands. Please buckle up.

OHIO DRIVER'S LICENSE

New residents to Ohio who need an Ohio driver's license or vehicle registration should call (614) 466-2550 to receive information.

NATIONAL FOREST AREAS

The national forest areas designated on this map contain public and private lands. Maps showing detailed national forests ownership may be obtained from the Forest Supervisor, Wayne National Forest, 2919 Columbus Road, Athens, Ohio, 45701-1399 or call (740) 753-0101.

WILDFLOWERS

It is not unusual to see large plots of red, pink, blue and gold flowers next to major interstate highways. The flowers are a result of The Ohio Department of Transportation's Wildflower Program. In addition to adding a touch of beauty to Ohio's highways, the program reduces mowing costs while encouraging natural stands of wildflowers.
