If you would like academic accommodations while studying abroad, you'll need to complete the accommodation request process for your specific program. The process varies by program, and the accommodations available abroad may differ from those you receive at your home institution.

Select your program from the list below and follow the instructions provided. Arcadia Abroad can support you through the process, but we can't request or secure accommodations on your behalf.

If your program isn't listed or need help, contact your [Program Advisor](#) or your [Wellness Advisor](#).
