SWANSEA BUDGET PROTEST

SAT. 29 NOVEMBER

1PM @ SWANSEA CASTLE

The budget is being written by the Swansea West MP. Disabled people defeated his Spring Statement & PIP disability cuts. Now he's back with another anti-working-class budget. We will defeat him again.

- First Bus workers are on strike over low pay.
- 65 student nurses have been told there are no vacancies when they graduate.
- £25 million of job cuts at Swansea University.
- Disabled people are still fighting cuts and Swansea women are still fighting for pension justice.
- Politicians try to divide us by blaming migrants, low-paid workers, trans people & disabled people.
