GET STARTED / 02

Set up & start

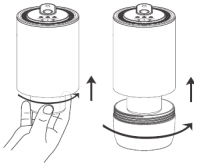

01 Open the base

Unscrew the bottom cap. Remove the oil bottle, unscrew its cap and remove the stopper.

02 Insert the wick assembly

Place the cotton wick in its sleeve, then insert the assembly into the oil bottle. Leave the spring at the bottom of the sleeve in place.

03 Refit the bottle

Keep the bottle upright and screw it counterclockwise into the diffuser. Tighten the bottom cap.

On first use, the wick takes about 1-3 minutes to absorb the oil. Assemble the diffuser, hold power for 2 seconds to turn it on, then wait for mist.

FRAGRANCE / 03

Choose your mode

Hold the power button for 2 seconds to turn on or off. The diffuser starts in Light mode. Press briefly to cycle through the modes.

01 Light mode · White indicator

Sprays once every 3 minutes

02 Strong mode · Orange indicator

Sprays once every 1 minute

03 Home mode · Green indicator

Continuous spray

Cycle: Light → Strong → Home → Light. In all modes, the diffuser sleeps after 10 minutes without vibration and wakes when vibration is detected again.

LIGHTING / 04

Light & auto sleep

01 Star light

When the star-light function is selected, the red star light stays on. Press again for flashing light, and once more to turn it off. It enters sleep after 10 minutes without vibration.

02 RGB ambient light

Press the light switch to turn the RGB ambient light on or off.

03 Automatic sleep

After 10 minutes without vibration, the device enters sleep to reduce power consumption. It wakes when vibration is detected again.

CARE / 05

Care & maintenance

01 If spray output decreases

Gently wipe the spray outlet with a cotton swab. You can also repeatedly change modes to help clean it through high-frequency vibration.

02 Use the supplied fragrance

Use only fragrance formulated by the company to avoid clogging the spray outlet or damaging the device.

03 Keep the diffuser upright

Do not turn it upside down. If fragrance spills onto fur, gold, pearls or clothing, wipe it off immediately with a damp towel.

04 Before long-term storage

Unplug or disconnect the USB power cable. Store in a cool, dry place out of the reach of children.

SAFETY / 06

Safety essentials

01 Use a DC 5 V adapter or power supply. Do not charge above the specified voltage.

02 Do not strike or hit the product; this may damage internal parts.

03 Do not disassemble or modify the product without authorization.

04 Do not throw the product into fire; there is a risk of explosion.

05 Do not touch the product with wet hands.

06 Do not cover the light with flammable materials such as cloth or paper.

07 Do not let children look directly into the light outlet. Avoid looking directly into the lens to prevent eye injury.

08 Do not touch hot parts while the light is on or just after switching it off. Wait at least 3 minutes after switching off to avoid burns.

09 Keep in a cool, dry place away from children. Disconnect USB power when the product will not be used for a long time.
