

USER MANUAL

Thank you for your support! We hope you enjoy your new timepiece and carefully read the user manuals pertaining to it. By doing so, you will understand how to operate your timepiece and keep it operating at the high quality standards by which it was crafted.

SETTING THE DATE

1. Pull the stem out to position 1 (about 1mm).
2. Turn the stem clockwise to set the correct date.
3. Push stem back to the normal position.

SETTING THE TIME

1. Pull stem out to position 2 (about 3mm).
2. Turn the stem to set the correct time.
3. Push stem back to the normal position.

SETTING THE POSITIONS OF THE STOPWATCH HANDS

1. Press B to reset the stopwatch, and check the alignment of the stopwatch second hand.
2. Pull out the stem to the position 2 (about 3mm).
3. If the second hand or minutes is also misaligned, press B to move the second hand.
4. After making the adjustments you want, push the stem back in to its normal position.
