③Instruction Manual 1

Port Power

This vanity mirror is charged by adapter via the AC port / Battery Powered

Product Character

Power Mode

1.Battery Powered

- Installation: Insert 4 AA batteries into the battery compartment following the correct orientation indicated inside. Securely close the cover and turn on the light.
- Battery Life: Varies with time. Replace batteries when the LEDs weaken for optimal performance.

2.AC Adapter Power

- Before Use: Turn off the power and LEDs on the mirror.
- Connect: Connect one end of the AC adapter to the mirror and the other to an outlet, then turn on the light.
- Disconnect: Unplug the adapter from both the mirror and outlet after use for energy - saving and safety.

3.Combination Power Supply (Battery + AC Adapter)

- Function: Increases mirror brightness by 50%. Ideal for detailed makeup or close - up skin care.
- Operation: Install 4 AA batteries as in the battery - powered step. Then, with the batteries in place, connect the AC adapter as described in the AC adapter - powered step and turn on the light.

Note

Please use the Zoom in on a mirror within a distance of 5inch (13 cm) to avoid distortion or dizziness.

Light Operation

Rotate Button for Brightness
Adjustment(200~1800lux)

Press Button for light on/off
Press Button for Lighting Colors
(Cool Light, Natural Light, Warm Light)

Safety Attention

- Read all instructions carefully before use.
- Provide close supervision when mirror is being used near children.
- Never operate mirror if it is not working properly, has been dropped, damaged, or submersed in water.
- Do not disassemble the mirror. Do not attempt to remove, alter or replace the permanent LED light.
- Never operate where aerosol (spray) products are being used, or where oxygen is administered.
- Be sure mirror is not in a position where it can reflect sunlight. Reflected sunlight can cause fire.

Limited Two Year Warranty

- Our product has a two (2)year warranty period starting on the date of purchase.
- This warranty only covers defects in workmanship and materials.
- The warranty does not include damage due to misuse (void on any unit which has been tampered with or damaged by accident, short circuited, loaded beyond rating or damaged other wise by improper operation or natural wear and tear).

Customer Service
