WE BRING THE ARTIST’S HAND
AND YOUR VISION TOGETHER —
TO CREATE SOMETHING THAT
BELONGS ONLY TO YOU!

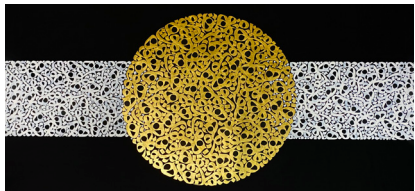

OUR STORY

Mente Art Gallery was founded in 2017 with a clear vision to create a destination where fine art, thoughtful design, and meaningful customization converge.

The journey began at Oasis Mall, where Mente introduced a curated selection of artworks that celebrated individuality, expression, and timeless elegance.

As the demand for bespoke pieces grew, so did our offerings — expanding to include custom paintings, sculptural furniture, and artisanal rugs, each thoughtfully tailored to complement diverse interior styles.

Now located in Dubai Hills Mall, Mente has evolved into a refined destination for collectors, designers, and discerning clients who value originality, craftsmanship, and elevated living.

OUR VISION

At Mente, we believe that art and design should do more than inspire — they should create a sense of identity and belonging.

Our vision is to build a destination where clients can discover, personalize, and collect distinctive creations that reflect their individuality and elevate the essence of their space.

Our mission is to craft meaningful artistic experiences by combining exceptional craftsmanship with intentional curation — seamlessly blending tradition with innovation in every detail.

At Mente, we curate objects that elevate everyday spaces — blending art, design, and individuality.

CUSTOMIZABLE ART

Mente is not just an art gallery — it's a brand and a vision. We represent a network of talented local and international artists who create exclusively under the Mente name.

What makes Mente unique is the freedom of customization. Every piece can be adjusted in size, color, and style, or designed entirely from scratch based on your vision. Many of our clients come to us with a specific idea in mind — whether it's a custom artwork for their home, a unique rug, or even a furniture piece — and we bring it to life with our artists and makers.

Each creation is part of a larger family of works, connected by genre, subject, or technique, yet always carrying the Mente identity of artistry, elegance, and meaning.

Leather | Nature & Flowers | Calligraphy | Relief | Gold Silver & Cooper Leaf | Women | Limited Edition

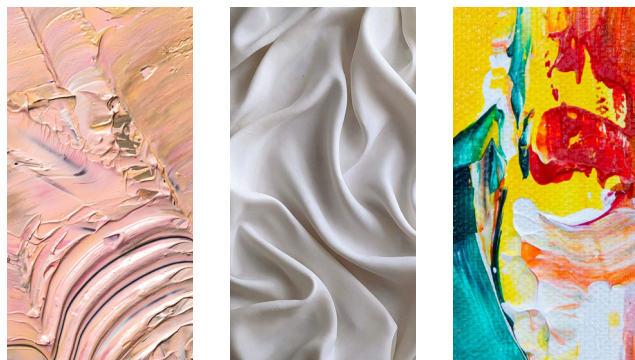

At Mente Art Gallery, technique is as important as the vision. It defines the final character and quality of every piece.

TECHNIQUES WE USE:

Oil Color. Acrylic Color. Gold & Silver Leaf. Relief. Leather Burning Effect. Wood Burning Effect. Watercolor. Patina. & others!

Beyond paint, we often combine layers of resin, glass, plaster, or cement, creating textures and dimensions that transform a simple surface into a true masterpiece.

Every detail — from subject to scale, from installation setting to your personal vision — shapes the outcome. The result is a piece that feels fully yours, yet carries the unmistakable identity of Mente!

At Mente Furniture, design meets craftsmanship at our local factory in Sharjah, where every piece is produced with care and precision.

MADE-TO-ORDER FURNITURE

Our strength lies in creating custom-made furniture — shaped by your vision and enriched by our years of experience. Whether it's a sculptural centerpiece, a functional design with character, or a decorative element tailored to your space, each piece carries the Mente identity of artistry and refinement.

Alongside custom production, we also build on our previous designs and collections, reimagining them in new sizes, finishes, and details to suit your interior. From concept to creation, our artisans and designers ensure that every work is both timeless and personal.

With Mente, furniture is not just made — it is crafted to embody your story!
