

DORAL COLLEGE

DUAL ENROLLMENT ADMISSIONS REQUIREMENTS

Doral College offers dual enrollment opportunities to qualified students in grades 6-12. Students apply to the program status that best fits their needs and goals.

GENERAL ADMISSIONS REQUIREMENTS

Associate in Arts & Non-Degree Seeking Programs

Students interested in enrolling at Doral College as degree seeking or non-degree seeking must meet the following general admissions requirements:

- ✓ Attend a middle/high school that currently participates in dual enrollment with Doral College;
- ✓ Hold a minimum, unweighted grade point average (GPA) of 3.0 or above;
- ✓ Be recommended for the program the school principal/counselor; and
- ✓ Provide evidence of college readiness in all areas, as noted below.

A note about middle school students and incoming 9th graders: Students who do not yet have a GPA on file may be considered for admission based on an average of the high school courses they have taken as provided by the student's school. Students will not be considered for admission without a high school GPA or equivalent.

COLLEGE READINESS TESTS AND CUT SCORES

As noted above, to qualify for admission to the College, students must provide evidence of college readiness in all areas. The following chart indicates all eligible tests which may be used to qualify and the scores required for each*:

Test	Reading/Verbal	English/Writing	Math
PSAT 10th/NMSQT (8/9 not accepted)	24+	25+	24+
Digital PSAT/NMSQT & PSAT 10, The College Board	490	N/A	480
SAT	24+	25+	24+
Digital SAT, The College Board	490	N/A	480
ACT	19+	17+	19+
Pre ACT	22	N/A	22
PERT	106+	103+	114+
ACCUPLACER Next Gen (Summer 2020 - Summer 2022)	245+	245+	242+
ACCUPLACER Next Gen (Fall 2022 - Thereon)	256+	253+	261+
Classice Learning Test, Classic Learning Initiatives, LLC	N/A	38	16

Should a student have taken more than one of the eligible tests listed, the College will consider all scores when making the student's admissions decision. For example, if a student submits qualifying scores from the PSAT for Reading and Writing and a qualifying score from the PERT for Mathematics, the student would be admitted to the College, assuming all other requirements have been met.

ALTERNATIVE METHODS

Pursuant to Section 1008.30, F.S., Doral College is adopting the use alternative methods in lieu of the common placement tests listed above to assess student readiness for college-level work in communication and computation. Accordingly, any student who has a minimum unweighted high school GPA of 3.0 requirement and achieves a grade of "B" or better in any of the high school courses listed below shall have demonstrated readiness for college-level work for the area referenced:

Alternative Criteria for Mathematics	Alternative Criteria for English
- Algebra 2 or Algebra 2 Honors - Pre-Calculus - Calculus - Probability and Statistics - Math for College Algebra - Math for College Statistics - Math for College Liberal Arts - Any math course offered through the AP, IB, or Cambridge/AICE programs.	- English 4* - English 4 Honors* - Any English course offered through the AP, IB, or Cambridge/AICE programs.

Early Admissions

Early Admissions is a form of dual enrollment that allows especially committed students to enroll in college coursework on a full-time basis during their senior year. In addition to the general admissions requirements listed above, Early Admissions students must meet the following:

- ✓ Attend a high school that currently participates in Early Admissions through Doral College;
- ✓ Have completed prior dual enrollment coursework, preferably including online courses; and
- ✓ Be recommended for the program the school principal/counselor.

Early Admissions students are required to enroll in 12-15 credits each term.

WHAT IF I DON'T MEET THE GENERAL ADMISSIONS REQUIREMENTS?

Students who do not meet the College's GPA and/or test score requirements may still be able to enroll through one of the restricted program statuses outlined below.

Non-Degree Seeking Restricted Enrollment

Applicants who can provide evidence of college readiness in reading and writing, **but not mathematics**, who otherwise meet the General Admissions Requirements, will be accepted, but **will not be permitted to enroll in mathematics or sciences courses**. Please note that the reverse does not apply. Students who can provide evidence of college readiness in mathematics, **but not both reading and writing**, will only qualify as SLS ONLY (see below).

SLS Only

This option allow students who do not qualify for regular admission to enroll in SLS 1101: College Success. This course is designed to provide students with the skills to succeed both in and out of the classroom, laying the foundation for college-level study.

Students who wish to utilize this option must:

- ✓ Hold an unweighted GPA of 2.5 or above for grades 9-12 or 3.0 or above for grades 6-8*
- ✓ Should have attempted at least one of the college readiness tests accepted by the College for admission (passing scores not required).

*Accelerated middle school students (grades 6-8) will be considered for this status if they have completed a minimum of one semester of high school coursework with the equivalent of a 3.0 GPA or above, and the recommendation of the school principal/counselor.

Students admitted to the College under the SLS ONLY option may now be eligible to continue to additional courses under SLS Plus! See your onsite school advisor for more information.

ADMISSIONS TESTING AT DC

Doral College administers the Next Generation ACCUPLACER exam to interested students who do not otherwise hold qualifying scores.

Students should expect to take the following sections of the Next Generation ACCUPLACER exam:

- Quantitative Reasoning, Algebra and Statistics (QAS)
- Reading
- Writing

ACCUPLACER testing will be available by appointment on the Doral College campus. Additionally, the College may provide a proctor to administer ACCUPLACER at affiliate schools wishing to test student groups of 10 or more.
