

Streamline

STREAMLINE PRE-PURCHASE SUCCESS CHECKLIST

Please carefully review each point on the checklist below to ensure that the purchased shower door aligns with the needs and style of your bathroom.

If these pre-purchase criteria do not align with your current order, please contact us for assistance in canceling your order and exploring suitable alternatives, or cancel your order through your retailer's online account promptly to prevent shipment.

Overall Dimensions

Have you confirmed that the shower door dimensions fit your installation space? Have you reviewed the product specifications to ensure they meet your requirements?

Minimum Threshold Requirements

Have you checked the minimum threshold measurement required for installing the shower door?

Out-Of Plumb Adjustments

Have you verified if the shower door model you selected allows for out-of-plumb adjustments?

Entry Type

Are you interested in a sliding, pivot, bi-fold, or fixed shower door?

Hardware Color

What color hardware would you like for the shower door?

Glass Thickness

Have you selected the appropriate glass thickness for your project?

Frame Type

Does your installation require a frameless or framed shower door?

Door Handle Type

Would you like a bar, grip, knob, or a combination of bar and knob handle for your shower door?

Glass Texture

Would you like the glass to be clear, frosted, or tinted?

Delivery

If shipping to a store, have you arranged for someone to receive or pick up the shower door? Do we have the correct contact information for the recipient?

If you ever need help, please don't hesitate to contact us! Reach out to our friendly team via phone, text, email, or live chat on our website. We're here to help you every step of the way!
