Exemption of Tangible Personal Property on Agricultural Land from Taxation	Increased Homestead Exemption; Lower Cap on Increases in Non-Homestead Property Assessments	Budget Stabilization Fund
Proposing an amendment to the State Constitution to exempt tangible personal property habitually located or typically present on land classified as agricultural, used in the production of agricultural products or for agritourism activities, and owned by the landowner or leaseholder of the agricultural land from ad valorem taxation. If approved this amendment would first apply for tax years beginning January 1, 2027.	This amendment increases the homestead exemption, for all non-school taxes, to \$150,000 in 2027 and \$250,000 in 2028, and adjusts for inflation thereafter. It requires the legislature to prescribe a uniform procedure for counties and municipalities, for their respective levies, to increase the homestead exemption up to full assessed value, and allows special districts, subject to referendum approval, to do the same.	Proposing an amendment to the State Constitution to increase the amount of funds that may be retained in the budget stabilization fund from 10% to 25% of general revenue collections, require the legislature to transfer the lesser of \$750 million or the amount required to reach 25% of the general revenue collections each year unless certain conditions are met, and allow the legislature to withdraw funds for critical state needs.
