We make the best technologies better.

Cimplifi Innovations

Our Cimplifi Innovations (CI) suite of proprietary tools and automated workflows are designed to deliver a seamless, user-friendly experience that pulls everything together across your teams, tools, and matters for greater visibility and control, with less complexity and effort.

CI ADMIN

The ultimate tool, offering convenience and simplification through streamlined administration and expansive tool permissions. Featuring SSO log-in, cross-tool user management, and custom enhancements.

POWERCI

Gain real-time insights into usage, costs, trends, and activity to improve transparency, predict expenses, and control spending across cases, environments, and users.

CI TRANSFER

Transfer large legal datasets with speed and confidence through simple browser-based uploads, built-in verification, and complete audit trails.

CI REPORTING

With just a few clicks, you can run multiple saved searches, reports, and scripts, amalgamating all the information into a single, comprehensive report.

CI SEARCH

An advanced automated search term normalization platform that reduces the manual process of reviewing and validating search terms, preventing common errors and inaccurate results.

CI MIGRATE

Move your data from any review tool into RelativityOne with ease and transparency through customized best practices, workflow automation tools, and real-time status monitoring.

CI LAKE

Centralize and manage legal data at scale with cost-efficient storage, built-in search, coding reuse, and seamless AI integrations.

CI IMAGE

Manipulate images, customize watermarks and exhibit stamps, now with ease and efficiency from within Relativity.

CI CLICK

A single click, multi-select coding button in Relativity. Reviewers can quickly code multiple fields like responsiveness, confidentiality, privilege, and issues in one click.

CI TRANSLATE

Translate your documents with just a few clicks in more than 50 languages using Azure Cognitive Services Translator.

CI TOOLKIT

A full suite of data management tools with everything you need to easily manage your data prior to upload and processing.

CI CONTRACTS

The industry's first end-to-end contract analytics and review platform leveraging advanced AI technologies to expedite large-scale contract review.

CI ARCHIVE

With just a few clicks, you can ARM (archive, restore, and move) Relativity workspaces for ultimate flexibility and efficiency in storage.

Client-driven innovations offer integration with intelligence.

From automation and administration to data movement, analysis, and insight, Cimplifi Innovations help legal teams work more efficiently across the technology they rely on every day.
