Public Transit Options for State Workers at the May Lee Building

With limited parking available, take advantage of SacRT's convenient options to get you to and from work! State workers, don't forget to take advantage of the free transit subsidy your employer provides! Learn more at **sacrt.com/stateworkers**.

Light Rail

Green Line Service Has Resumed!

As of Monday, October 12, 2026, trains are now operating on the Green Line. The Green Line connects riders between Downtown Sacramento and the 7th & Richards/Township 9 Station in the River District (across from the May Lee Building). The Green Line was temporarily closed while crews completed major construction work to prepare for the new 7th & Railyards Station and surrounding project site.

Most light rail riders will transfer from either the Blue Line (South Sacramento or North Sacramento) or Gold Line (Folsom, Rancho Cordova or East Sacramento) to the Green Line to reach the May Lee Building. Ride your Blue Line or Gold Line train to the 13th Street Station, then transfer to a Green Line train with 7th & Richards/Township 9 on the headsign.

Please note, if you are riding in from the North Blue Line (Watt/I-80, Roseville Road, etc.) you may find it more convenient to transfer trains at the 8th & O Station. Make sure you walk to the other end of the station from where you get off the train so you can board a Green Line train headed in the right direction. Find your train times at **sacrt.com/schedules**

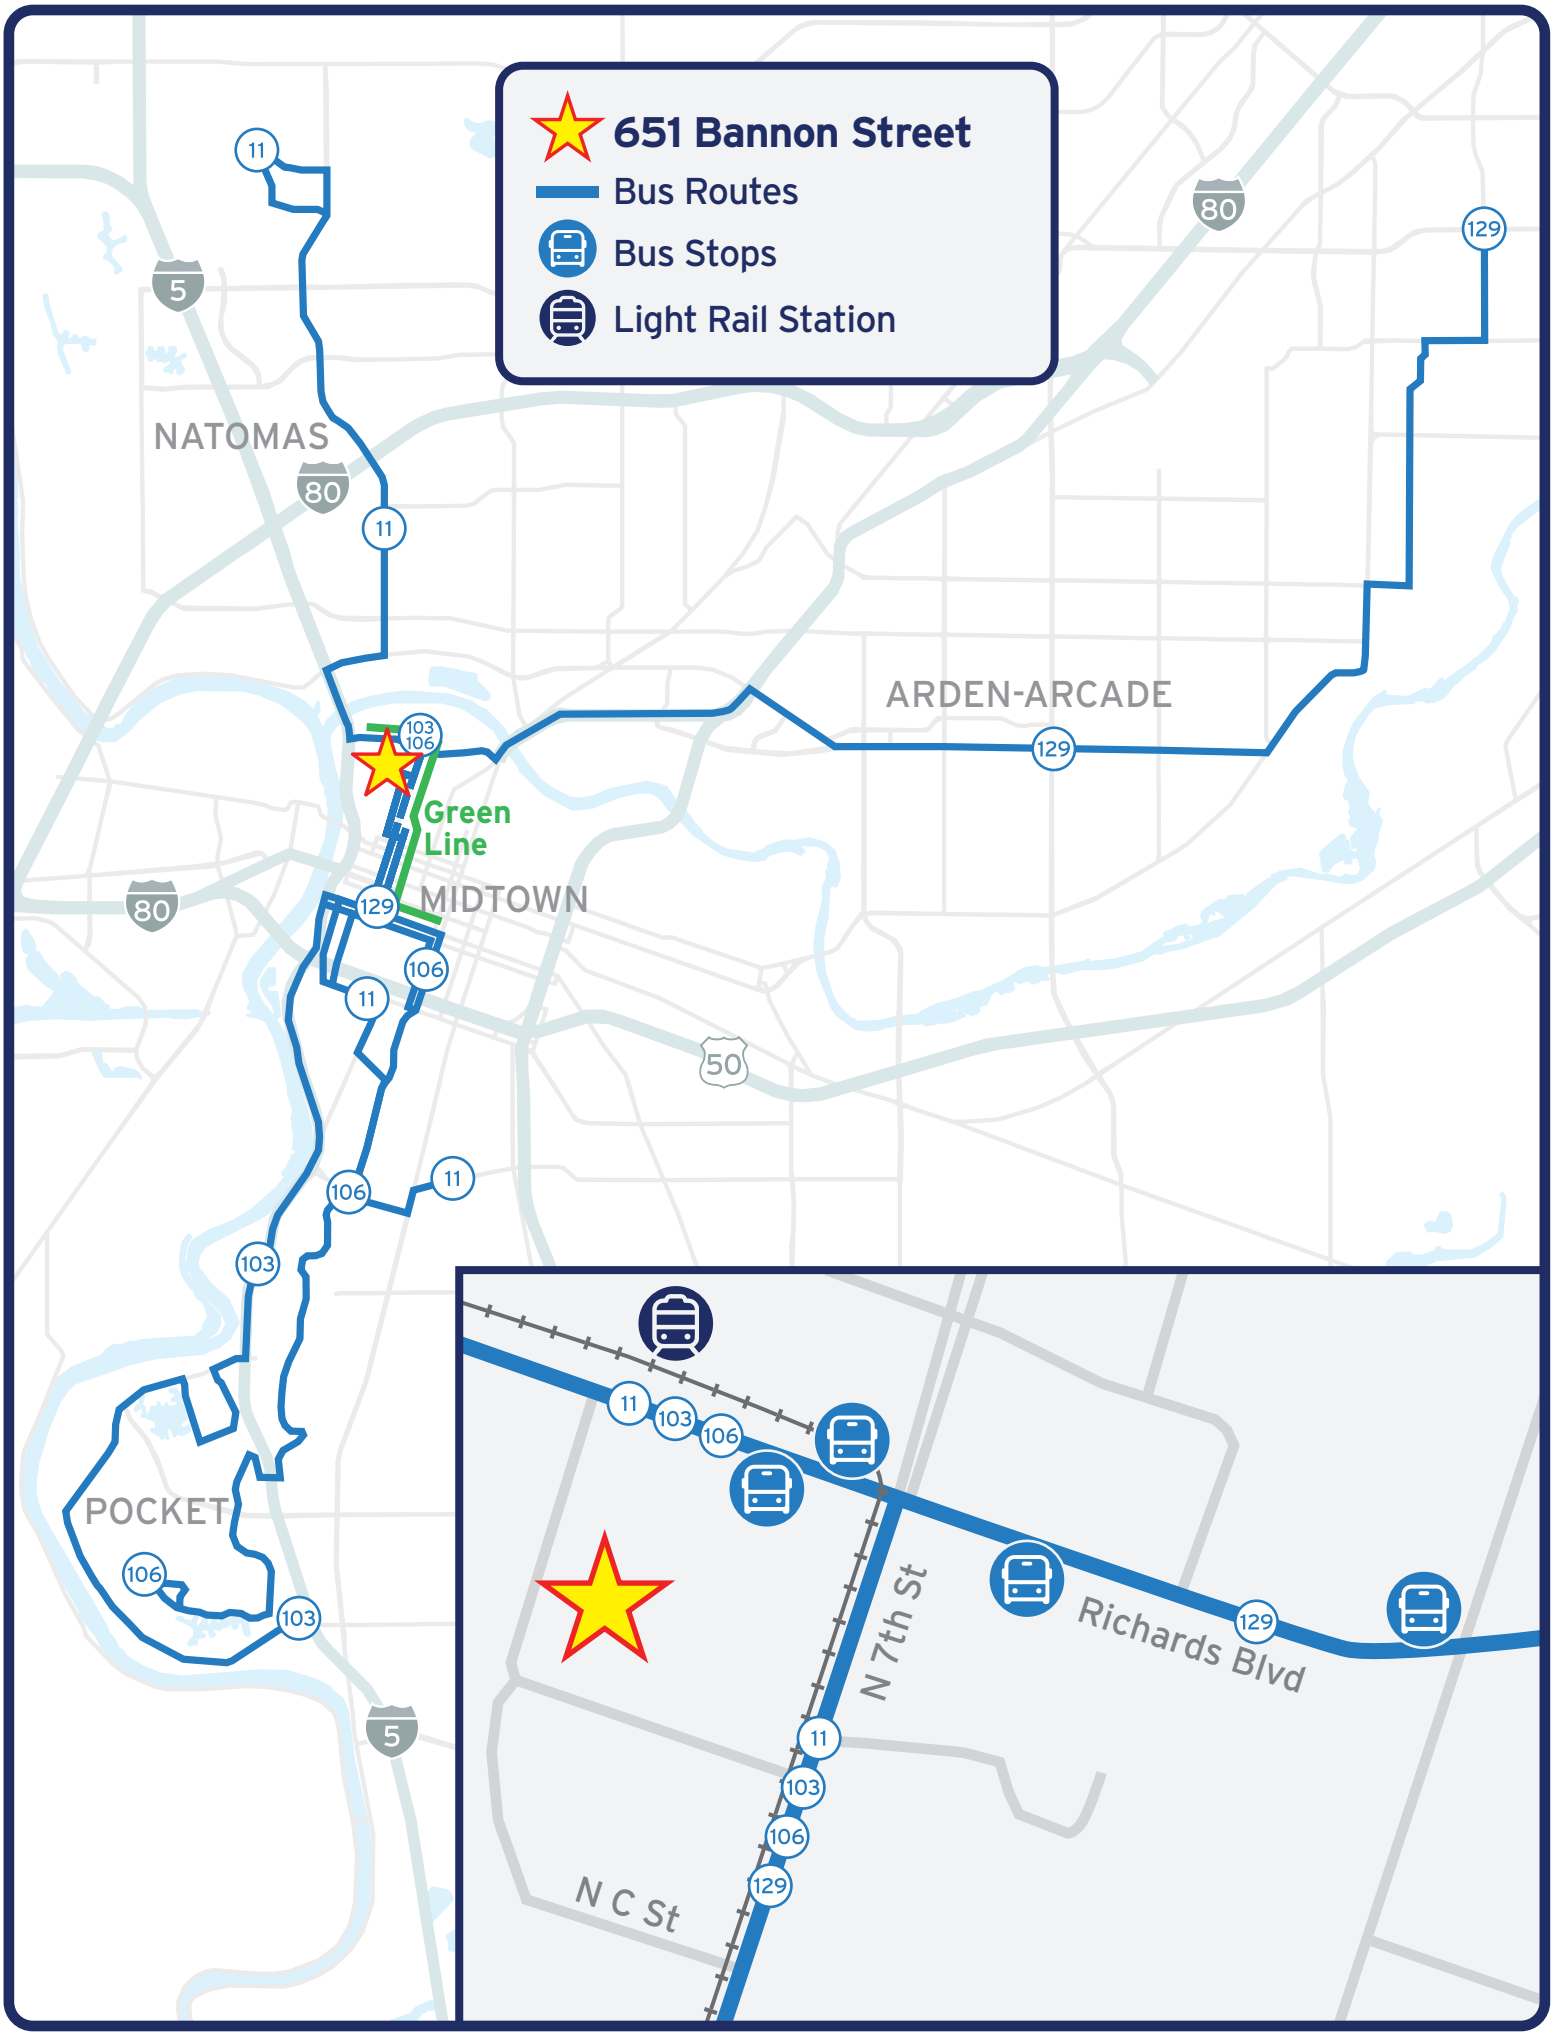

Bus Service

SacRT has bus stops nearby the May Lee Building serving bus routes 11, 103, 106 and 129. For times and maps, visit **sacrt.com/schedules**.
