VSE AVIATION

Pratt & Whitney Canada

AUXILIARY POWER UNITS PROGRAM

OVERVIEW

VSE Aviation has expanded its APU portfolio beyond the APS500 with a new, exclusive agreement with Pratt & Whitney Canada now supporting **APS1000, APS2000, and APS2100 platforms**. As the licensed distributor of 2,500+ OEM-approved components, VSE offers a single, trusted source for streamlined APU lifecycle support. This expanded offering helps operators of **De Havilland Dash 8 Q400, Saab 2000, Boeing 737 and 717** aircraft reduce downtime and maintain fleet readiness.
