Honeywell Avionics

Display Unit Phase 3A Exchange Program

737NG/777 Display Unit Repair & Exchange Solutions

As a Honeywell Authorized Service Center, VSE Aviation Services provides full repair capabilities for your display units. If a unit is deemed Beyond Economical Repair (BER), we offer a **cost-effective flat-rate exchange** for Boeing 737NG/777 Display Units (DU) Phase 2, 3, or 3A to a **new Phase 3A (DU3A)** unit. This solution resolves obsolescence while reducing weight, improving reliability, and lowering operating costs.

Key Benefits & Features

- Greater reliability with fewer repairs (more time on wing)
- Enhanced LCD panel performance
- Brighter, clearer display
- LED backlight replaces fluorescent technology
- Provision for future video interfaces
- Intermix DU3A with all prior DU versions

Exchange Unit Requirements

- Stock delivery; serial number provided at time of acceptance
- Acceptable core trace and Non-Incident Statement (NIS) required
- Flat-rate exchange price as quoted
- No outright fee for BER core; VSE retains core with no bill-back

Eligible Core Part Numbers

- 4086850-921
- 4086850-922
- 4086850-923
- 4086850-924
- 4091900-941
- 4091900-942
- 4091900-943
- 4091900-944

Available Options

1. **REPAIR** - VSE performs bench check, repair, and overhaul of units received
2. **EXCHANGE** - Flat-rate exchange on DU2 or DU3 cores for upgraded DU3A (P/N 4091900-941/-942/-943/-944)
3. **BUY NEW** - Outright purchase of a DU3A
