Thanks Committeemen

I wish to express my appreciation for the fine cooperation and support which has been given me by every member of the 10th Annual Rodeo Committee. Without this fine cooperation it would be impossible to present one of these celebrations.

E. M. McARTHUR,
General Rodeo
Chairman.

CALF ROPING

Roping calves right, is an art of the range and a test of time against skill. The horse is as important as the roper and must be trained to do his part. Time starts for the roper when the calf crosses the starting line. It is then up to the rider and horse to rope the calf and tie it in the shortest possible time.

RULES AND REGULATIONS

All calves to be penned and any objectionable calves cut out. Calves will be given a deadline start in accordance with arena conditions and when calf crosses deadline, he is roper's calf, regardless of what happens. Ten seconds' fine will be added if roper's horse is over foul line at the start. Rope must pass over calf's head, no snare catches allowed; roper must prevent his horse from busting calf. Roper must dismount and throw calf by hand. If calf should be down, he must be put on his feet and thrown by hand and the roper tie any three feet so as to hold calf until passed by judge. The calf will be rolled over and if he gets up there will be no time. Under no condition shall the roper's horse drag the calf. The allowed; roper must prevent his horse from fail with both loops or fail to make an honest effort with both loops he will be disqualified.

BRAHMA STEER RIDING

There was a time when steer riding was just steer riding. As if that wasn't tough enough, somebody brought in the Brahmas. Those big, mean fellows with the hump on their shoulders that don't like anything on two legs, and especially bow legs. When the rider gets off or is thrown it is time for the rodeo clown in his most valuable role to the cowboy. By detracting the attention of the steer, he gives the rider a chance to get out of the way and gives the spectators some real entertainment. Nobody knows what a Brahma or rodeo clown will do next.

RULES AND REGULATIONS

This is a one-hand contest. Riders must ride with one hand on rope and other hand in the air. Riding to be done with loose rope and bell and no freak handholds, no knot or hitches will be permitted which might prevent rope from dropping off steer after rider leaves animal. Eight seconds required to complete ride.

BRONCO RIDING

Bronc busting is like riding a keg of dynamite that keeps on exploding. And broncs are not just ordinary wild horses. They are trained to pitch and kick and twist and fight.

RULES AND REGULATIONS

Riders to draw for mounts and ride as often as judges may require. There will be no substitutions allowed. Committee saddles will be used and each rider will be required to cinch his own saddle. Rider shall be disqualified for cheating horse in any manner. When it is plain to the judges that a rider has purposely cheated the horse to keep him from doing his best, he will be disqualified. Rider must leave starting place with feet in stirrups and spurs against shoulders and hit the horse with both spurs twice in first three jumps. Scratch both ways, must have one hand free, ride is complete at sound of gong, ten seconds. R. A. A. rules and regulations will be followed in this event.

BAREBACK RIDING RULES

Day 100 50-30-20 2:00 3:00 add
Riding a bucking horse with a saddle is one thing and riding a jumping, twisting bronc without a saddle is a very different thing.

One of rodeos' most colorful and exciting events, is the Cowboys' Bareback Bronc Riding Contests.

RULES AND REGULATIONS

Horse to be surcingle in chute. Rider to ride with one hand and the other high in the air. Must leave chute with both spurs high on the shoulders. Rider must be ready to ride in his turn or be disqualified. Judges to pass on equipment. Ride is completed at sound of the gong, ten seconds required to complete ride.

PARADES . . .

This year the first parade will be a typical Western Horseman's Parade, September 8th, at 8 P.M. Beginning at the Woodward School corner, the parade will go around the business block and then to the Rodeo Grounds for the Grand Entry.

The feature parade will be a Beauty Parade, September 9th, at 7:00 P. M. Beginning at the Woodward School corner, the parade will go around the business block, concluding at the Dixie College.

WILD COW MILKING . . .

This is a contest in which two men participate. Both riders are allowed two loops providing it is necessary. After cow is roped, one man holds its head (mugs it) while the other milks. Due to the fact that no "wet cows" are available a ribbon will be removed from the cow's tail instead of milking.

RULES AND REGULATIONS

All cows to be given deadline start in accordance with arena conditions; when cow crosses deadline he is ropers cow, regardless of what happens. Ten seconds' fine will be added if either roper's horse is over foul line at start of race. Loop must pass over cow's head, no snare catches allowed; ropers must prevent their horses from "busting" cow. One roper to dismount and "mug cow" while other removes ribbon from cow's tail. Cow is then released and ribbon returned to judge's stand.
