President's Message

In behalf of the St. George Lions Club, it is my pleasure to extend a cordial welcome to all who attend our Eleventh Annual Dixie Round-Up. I desire to express appreciation to the local merchants and businessmen and all others who have helped to make this celebration possible again this year.

To every Washington County citizen who has contributed on the war fronts or the home fronts and the war service rendered by the boys in uniform will ever stand as a monument to unselfish service, which has brought about victory and peace, we give our sincere thanks.

IRVIN MILNE, President.

Chairman's Message

Well, folks, since our last annual St. George Lions Round-Up, we have all experienced some important things, best of all we have seen our American courage, cooperation, and initiative bring a trio of yellow coyotes to their knees, so this year we have a real reason for coming out and celebrating.

I want to sincerely thank the committeemen, local townspeople, and our friends from neighboring communities for their splendid cooperation. To you all, my sincere appreciation.

E. N. (DICK) HAMMER,
General Rodeo Chairman.

CALF ROPING

Roping calves right, is an art of the range and a test of time against skill. The horse is as important as the roper and must be trained to do his part. Time starts for the roper when the calf crosses the starting line. It is then up to the rider and horse to rope the calf and tie it in the shortest possible time.

RULES AND REGULATIONS

All calves to be penned and any objectionable calves cut out. Calves will be given a deadline start in accordance with arena conditions and when calf crosses deadline, he is roper's calf, regardless of what happens. Ten seconds' fine will be added if roper's horse is over foul line at the start. Rope must pass over calf's head, no snare catches allowed; roper must prevent his horse from busting calf. Roper must dismount and throw calf by hand. If calf should be down, he must be put on his feet and thrown by hand and the roper tie any three feet so as to hold calf until passed by judge. The calf will be rolled over and if he gets up there will be no time. Under no condition shall the roper's horse drag the calf. The roper may use two loops and if he should fail with both loops or fail to make an honest effort with both loops he will be disqualified.

BRAHMA STEER RIDING

There was a time when steer riding was just steer riding. As if that wasn't tough enough, somebody brought in the Brahmas. Those big, mean fellows with the hump on their shoulders, that don't like anything on two legs, and especially bow legs. When the rider gets off or is thrown it is time for the rodeo clown in his most valuable role to the cowboy. By detracting the attention of the steer, he gives the rider a chance to get out of the way and gives the spectators some real entertainment. Nobody knows what a Brahma or rodeo clown will do next.

RULES AND REGULATIONS

This is a one-hand contest. Riders must ride with one hand on rope and other hand in the air. Riding to be done with loose rope and bell and no freak handholds, no knot or hitches will be permitted which might prevent rope from dropping off steer after rider leaves animal. Eight seconds required to complete ride.

BRONCO RIDING

Bronc busting is like riding a keg of dynamite that keeps on exploding. And broncs are not just ordinary wild horses. They are trained to pitch and kick and twist and fight.

RULES AND REGULATIONS

Riders to draw for mounts and ride as often as judges may require. There will be no substitutions allowed. Committed saddles will be used and each rider will be required to cinch his own saddle. Rider shall be disqualified for cheating horse in any manner. When it is plain to the judges that rider has purposely cheated the horse to keep him from doing his best he will be disqualified. Rider must leave starting place with feet in stirrups and spurs against shoulders and hit the horse with both spurs twice in first three jumps. Scratch both ways must have one hand free, ride is complete at sound of gong ten seconds. R. A. A. rules and regulations will be followed in this event.

BAREBACK RIDING RULES

Riding a bucking horse with a saddle is one thing and riding a jumping, twisting bronc without a saddle is a very different thing.

One of rodeos' most colorful and exciting events, is the Cowboys' Bareback Bronc Riding Contests.

RULES AND REGULATIONS

Horse to be surcingle in chute. Rider to ride with one hand and the other high in the air. Must leave chute with both spurs high on the shoulders. Rider must be ready to ride in his turn or be disqualified. Judges to pass on equipment. Ride is completed at sound of the gong, ten seconds required to complete ride.

Wild Brahma Cow Milking

This is a contest in which two men participate. Both riders are allowed two loops providing it is necessary. After cow is roped, one man holds its head (mugs it) while the other milks. Milker must return milk to judges' stand.

RULES AND REGULATIONS

All cows to be given deadline start in accordance with arena conditions; when cow crosses deadline he is ropers' cow, regardless of what happens. Ten seconds fine will be added if roper's horse is over foul line at start of race. Loop must pass over cow's head, no snare catches allowed; ropers must prevent their horses from "busting" cow. One roper to dismount and "mug cow" while other does the milking. Cow is then released and milk returned to judges' stand.

HUIE HUGHES, 63-YEAR-OLD CLOWN

Huie Hughes, 63-year-old clown, is well known throughout the west for his clowning. He and his "exploding Ford" have delighted kids and grownups alike until no Rodeo at Las Vegas or St. George would be complete without "Huie" there doing his stuff.

Clowning is one of the hardest spots in the show. He must be in top physical condition, know all the straight ways to take the falls, and how to protect himself in the awkward falls.

Huie reports that he makes and assembles all the fireworks used on the Ford; mixes and blends all the powder used in his acts. Designs, makes and builds all the costumes and props used by him. His shows are sponsored by the Las Vegas B.P.O. Elks No. 1468. His time and efforts are contributed to the community in which he plays as goodwill, with the Elks paying the other expenses.
