QUEEN OF THE RODEO

MARY ANN REBER
Rodeo Queen

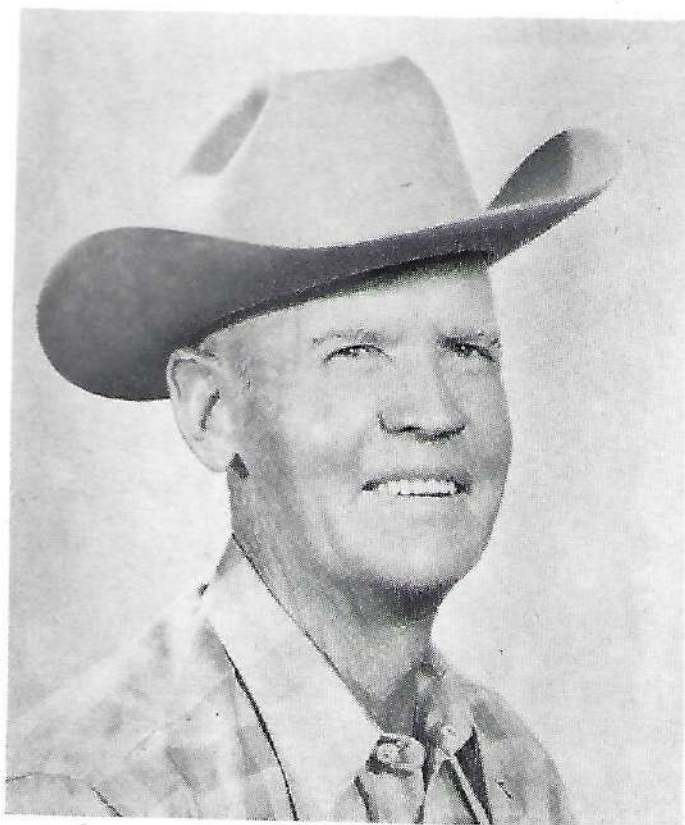

Vivacious Mary Ann Reber, 19-year-old daughter of Mr. and Mrs. R. M. Reber of St. George, Utah, was chosen Queen of the 1962 St. George Lions Club Dixie Roundup on the basis of horsemanship, beauty, and personality by out-of-town judges.

Mary Ann is a graduate of Dixie High School and has attended Dixie College for one year. She plans to continue her education at the University of Utah this year. While attending Dixie, she was a member of Jetettes, A.W.S. Council, Delta Phi Omega, and Lambda Delta Sigma. She is a dance director and has been a Sunday School teacher.

Among her varied interests are sewing, dancing, dramatics, swimming, horseback riding, and water skiing.

RONALD McARTHUR
Secretary

President's Message

As President of the St. George Lions Club I would like to join the other eighty members and extend to all our neighboring towns, states, and visitors from abroad a hearty welcome to the twenty-eighth annual Dixie Round-up and Rodeo, in the Dixie Sun Bowl.

This annual event is sponsored by the St. George Lions, and with the wonderful support we get from our business men and the citizens from the area, we are able to carry on our community betterment projects.

Lindau Foremaster, Pres.
St. George Lions Club

Mayor's Message

It is indeed a pleasure to welcome all of you to one of the finest cities in the world for our Annual Lions Dixie Round-up and acquaint you with the world's finest people.

Today the city enjoys prosperity and is taking its rightful place in the world as being one of the most beautiful places to live and has a climate second to none.

If there is anything any of us can do for any of you to make your stay more pleasant, please feel free to call on us.

Sincerely,
William A. Barlocker, Mayor

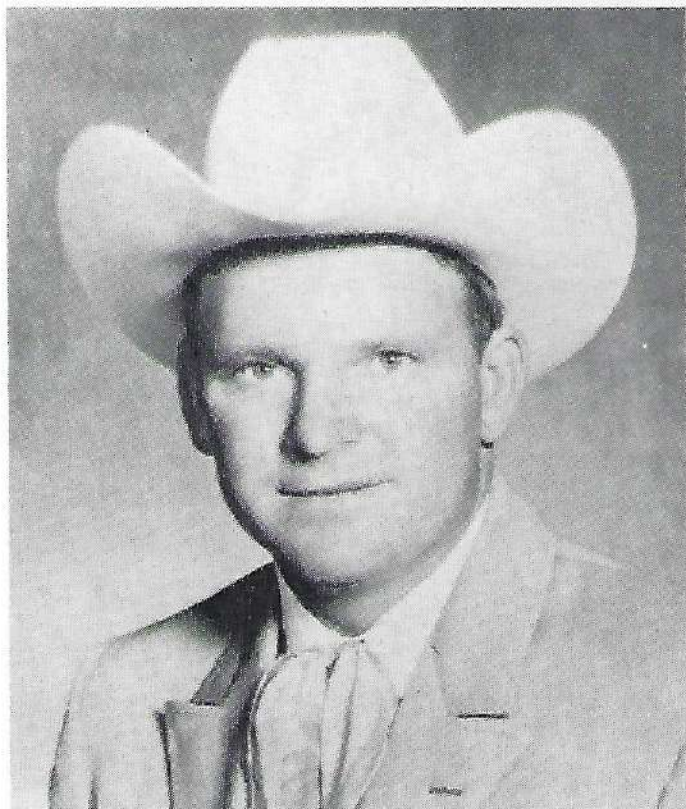

Cotton Rosser, owner of the Flying U Rodeo Company of Marysville, Calif., will supply the stock, and is a stickler for all the color and pageantry which have made the sport of rodeo a popular event for young and old.

The U.S. flag, state flags, two Flying U banners, some 50 pennants, girls dressed in rhinestone hats with colorful chaps and skirts, on matched horses with white and silver saddles, and lots of other gimmicks will be used during the grand entry, in which some of the greatest cowboys in the world will be presented to spectators.

Even the pickup men, who rescue cowboys after a ride, will add to the color. They will be astride matching white, black, palomino, or sorrel horses, all of which are Thoroughbreds or registered Quarter Horses. The "rescue squad" wears white cowboy hats, red or blue chaps, and flashy western shirts.

RODEO PRODUCER

ANNOUNCER, JACK OAKLEY

Announcer for the Rodeo, Mr. Jack Oakley, is well known to Dixie Round-up fans, having announced here many times. Mr. Oakley has had 25 years experience in 12 western states and Hawaii in the business of rodeo announcing.

AT DIXIE COLLEGE THE ACCENT IS ON OPPORTUNITY

Education is a life-long process, widespread in its scope, and highly important in the life of an individual and a nation. The value of formal or concentrated education lies principally in the conservation of all-precious time, which according to Franklin is "the stuff that life is made of."

Schools can best service their students when they provide them with wise direction, with good educational equipment that they can use, and with opportunity. Wise direction, and good equipment can be obtained in schools of any size, but in many respects opportunity is in inverse proportion to the number of students enrolled.

To illustrate the important of size, consider the Dixie College Football team which performs annually in the Dixie Sunbowl. If there are two hundred men enrolled, and if forty men participate in football, then there has been an opportunity to participate for 20% of their students. If there are 5000 men enrolled, and the same number play football, only 0.8% have an opportunity to learn to do by doing.

Opportunity to do, not just watch, is also important for students in music, in art, in dramatics, in dancing and in all phases of physical and social development. The size of the Dixie College student body is not a liability to those enrolled, on the contrary, it is one of their most important assets.

DIXIE HOSPITAL

The Dixie Hospital is an adventure in the democratic process wherein the people, through their chosen representatives, cooperate to protect the health of their citizens. It took from 1947 to 1952 to realize the fruition of this dream.

The location of the building is a happy one, for from its elevation there is a perfect view of the whole panorama of this colorful land.

Modern to the last detail, its spacious, restful interior is inviting. At present it has a 32-bed capacity, with facilities for 18 new-born infants, and with the last word in modern equipment for every emergency.

If being in a hospital can ever be a pleasure, this one would seem to offer that pleasure.

CHESTY, registered Morgan Gelding owned by Joseph E. Olsen, St. George, Utah, a good cutting horse.

THE LURE OF CUTTING

Willard H. Porter

People who loves horses are a dedicated bunch. Their dedication usually dates back into their childhood. I mean the true, honest horseman is usually a person who first straddled a mount when he or she was just a button of a kid.

If he has developed a proficiency for horse sports, he may become a calf roper, a polo player, a race rider, a horse show handler, or a skilled practitioner of any number of specialized equine jobs. He may also become a professional cutting horse rider. And if he keeps this up for any time and works with a few top mounts, he will certainly want to continue this line of riding after he is 35 or 40.

The special lure of the professional cutting horse is for the older owner-rider, the guy who has been active with horses all his life and doesn't want to quit, but is too old to compete in calf roping with his son and certainly doesn't want to 'dog' steers anymore.

The cutting horse contest is a real challenge for the dedicated horseman. In the first place, the quality and calibre of the horses is wonderful—they are a real joy just to look at, to admire, to study. Then their performance is brilliant and colorful. If you think it's easy to ride one of these cattle-shifting grasshoppers, guess again before you settle down onto the slick, leather-covered tree of a stock saddle cinched to the likes of a Poco Lena, a King's Michelle or a Senor George.

There's a big thrill, too, for the rider of a winning performance combination, when a good horse really uses a shifty steer or heifer, when every movement goes perfectly. When this happens—the perfect and fast blocking of a cow brute's attempt to return to the herd—you get the thrill of knowing that you're winning. You know the judges will score you high, and you know the crowd appreciates what's going on because you can hear them applauding you and your horse.

It gets a hold of a fellow. It gets him just as much as it affects a calf roper making an almost impossible catch as a swift junior Brahma decides to turn left 100 feet out of the chute.

Cutting has a thrill all its own. Couple this with the fact that middle-aged and even elderly men can safely ride cutting horses and you come up with a contest that is both stimulating and exciting . . . and is also the most competitive game on horse-back. To the western horseman, the lure of cattle cutting on the best of horseflesh is indeed appealing. The rewards are also deeply satisfying, as more and more owners, riders and trainers are discovering each year.

Thanks to the continued efforts and services of the sport's guiding group—**The National Cutting Horse Association**—the popularity of cutting is steadily growing and purses are getting higher and higher every year.

Washington County's Interest in the Sugar Beet Industry

For 33 years—since Utah-Idaho Sugar Company started the sugar beet seed industry in St. George—beet growers from many states of the West have been planting seed that comes from the fertile fields of Washington County. Favorable climate makes this one of the best sugar beet seed producing areas of the nation.

Adds Wealth to the County

During the 33-year period the Utah-Idaho Sugar Company has paid between 7 and 8 million dollars to Washington County farmers for beet seed grown on their farms. Also, the seed processing plant in St. George has created local employment. This is another case where local industry brings in wealth to the county.

ADDITIONAL DAILY PRIZE

During the GENERAL UTAH SEASON, October 20
October 30 (11 days), \$100.00 cash drawing each
day at 9 p.m. in the Golden Nugget.
Stubs must be deposited on day of drawing by
8 p.m. Stubs deposited after 8 p.m. will be in-
cluded in the following day's drawing. Winner must
be present in person at the drawing, and must be
registered for the Golden Nugget Deer Hunters
Contest.

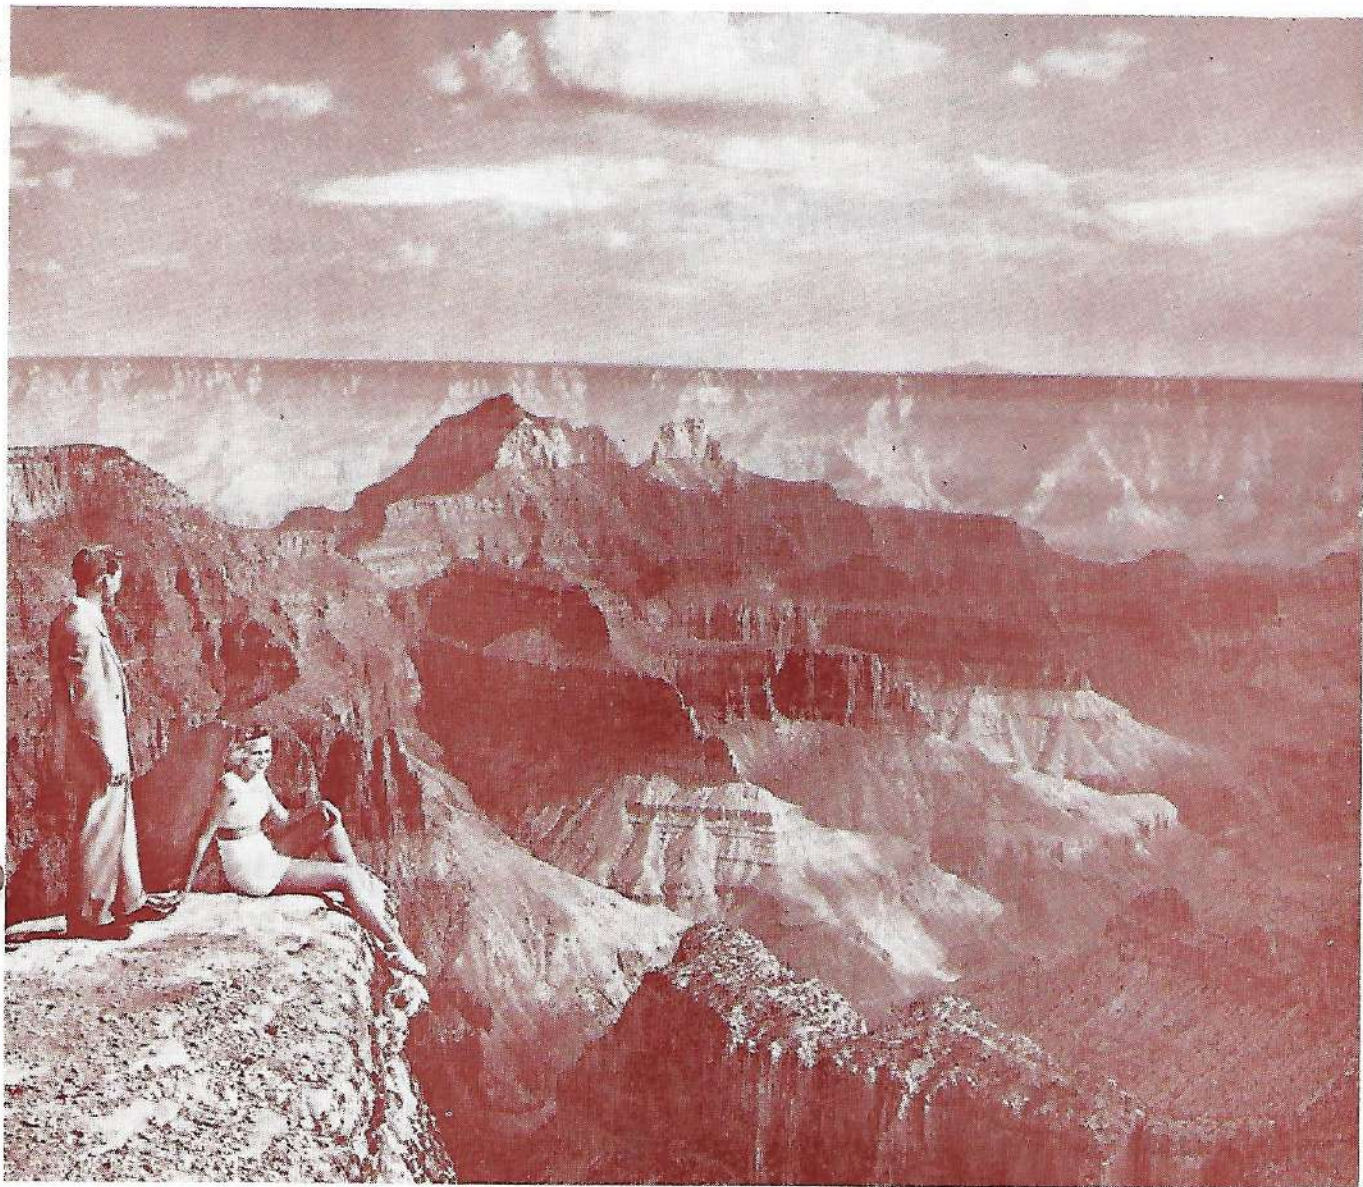

COMMENCING EACH DAY AT MIDNIGHT:

GENERAL UTAH SEASON (October 20 - October 30)
(First 11 Days)
Widest Spread Registered Each 24 Hours . . \$50.00
Longest Horn Registered Each 24 Hours . . \$50.00
Most Points Registered Each 24 Hours . . \$50.00

Winners for each of the three categories will be based upon measurements drawn by lot prior to the Contest. A number of sealed slips containing numbers selected at random will be placed in a revolving cage from which a prominent local citizen (not connected with the Nugget) will draw a sealed slip for each category. The drawn slips will be deposited in a vault and opened after the contest closes by two persons (not connected with the Nugget) who will prepare a certified list of the winners. The winners in each category will be the hunter whose deer is nearest the measurement of the deer on the list of winners.

REGISTRATION STARTS SEPTEMBER 15, 1962 CONTEST CLOSES MIDNIGHT, NOVEMBER 10, 1962
Minors and Golden Nugget employees are not eligible. Contestants must register in person at the
Golden Nugget prior to date deer is killed as shown on deer tag.

Contestants must register in person at Golden Nugget prior to date deer is killed as shown on deer tag.

SEEING NATURE'S HANDIWORK IN GRAND CANYON

Grand Canyon is a colossal chasm 280 miles long, a constantly shifting kaleidoscope of color. The north rim is about 165 miles from St. George. It stands alone, in a class by itself; gigantic, awe inspiring, and almost overpowering. As the visitor stands on the brink of the Grand Canyon, he not only looks at a scene of unsurpassed beauty and grandeur, but he looks back through the eons of geologic time during which the great river has been carving the mile-deep chasm.

An aerial photograph of a city, likely St. George, Utah, showing a large stadium in the center, surrounded by residential areas and a highway. The image is in a reddish-brown monochrome color scheme. The stadium is a large, oval-shaped structure with a dark roof. To its right is a large, rectangular building, possibly a school or government building. The surrounding area is filled with houses, trees, and streets. A highway runs along the right side of the image. The overall scene depicts a suburban or semi-urban environment.
