DXATC

Dixie Applied Technology College

is now

dixie**tech**

NEW NAME

With the stroke of a pen...
well actually it was a little more
than the stroke of a pen.
After a full legislative process,
Senate Bill 238 renamed the
entire system of technical colleges
in the state of Utah.

Dixie Applied Technology College,
or **DXATC** as we've been known since 2001
became **Dixie Technical College** or
Dixie Tech for short.

dxatc.edu is now
dixietech.edu

NEW LOCATION

schedule a tour today at
dixietech.edu

November 2017 is a history making month for Dixie Tech. For the first time since its establishment, all programs will reside together at one central campus! A new 100,000 SF professional building and a new 62,000 SF industrial building will join the Dixie Tech Emergency Response Training Center (11,000 SF) on the newly named Tech Ridge Drive to complete the permanent campus. The new campus will offer 24 accredited certificate programs to prepare students for rewarding careers as well as a variety of short training classes to upgrade skill-sets.

SAME GREAT COLLEGE

The Dixie Technical College is committed to provide current, relevant training to meet the demand of Washington County employers. Graduates provide the spark that keeps the infrastructure of Dixie working. We really couldn't function without these skilled technicians and trades experts. They are our designers, makers, fixers, caregivers, and rescuers.

CERTIFICATE PROGRAMS

Accelerated, industry-driven, full-time programs that will significantly improve your employability.

Emergency Medical Training

Program	Times	Start Date	Tuition & Fees *Approx.	Length	HS Year Eligible	Transferable

NEW PROGRAM

CULINARY

Culinary Arts requires taste and creativity as well as mastery of technique. This program teaches students about proper cooking, baking, knife skills, and the use of professional equipment. Students learn culinary principles and techniques, and have an opportunity to **work** and learn in a modern, well equipped production kitchen. Students will also have the opportunity to gain real-world experience working in the onsite café. The Culinary Arts program prepares students for numerous career opportunities.

Start Dates: 1/8/18 and 7/9/18

Class Time: M - TH 9 am - 3 pm

Program Length: 1200 Hours Program Cost: \$5410

***Financial Aid Eligible**

WELDING

The Welding Technology program will be taught in a brand new lab outfitted by Lincoln Electric to prepare students for American Welding Society (AWS) certifications. Students will use welding and cutting processes to join parts according to blueprints or written specifications in the following industrial skill areas: gas metal arc welding (GMAW), flux core arc welding (FCAW), shielded metal arc welding (SMAW), gas tungsten arc welding (GTAW), air carbon arc gouging (ACAG) and air carbon arc cutting (ACAC).

Start Dates: 1/8/18 and 8/13/18

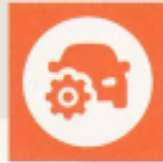

Class Time: M - TH 1 - 5 pm (January)

M - TH 8 am - 12 pm (August)

Program Length: 900 Hours Program Cost: \$4030

***Financial Aid Eligible**

MS

AUTO TECH

The Automotive Technology program at Dixie Tech provides students with the opportunity to increase their automotive mechanics skills in order to pursue a career as an Automotive Technician. Career path courses are taught to National Institute for Automotive Service Excellence (ASE) standards to prepare students for certification tests. This program will be taught in a state-of-the-art auto shop located on the new Dixie Tech Campus.

Start Dates: 1/8/18 and 7/9/18

Class Time: M - F 9 am - 12 pm, M - F 1 - 4pm

Program Length: 1400 Hours Program Cost: \$5060

***Financial Aid Eligible**

COLLISION REPAIR

The Collision Repair program at Dixie Tech is aligned with the Inter-Industry Conference on Auto Collision Repair (I-CAR). Upon successful completion of the program, students will be eligible for I-CAR ProLevel testing. The collision repair courses will provide instruction in the fundamentals of repairing vehicles damaged in a collision. Students will have the opportunity to specialize in either Refinishing or Non-Structural repair. Upon completion of the core and specialized courses, each student will enter into a 200-hour externship to further their specialized skills.

Start Dates: Coming Early 2018

Program Length: 1400 Hours

Program Cost: TBD

***Financial Aid Eligible**

FAST TRAX CLASSES

Enroll in affordable classes to upgrade skills & add new spark to your skill set.

MICROSOFT OFFICE 2003 - \$50 (125 - \$250)

T & TH 6 - 8:30 pm

Series: Word, Excel, PowerPoint

\$10/class discount when enrolled in 3+ classes.

Price indicates the \$50 discount for all 5 classes.

WORD I - \$65

T & TH 6 - 8:30 pm

Session 1: 11/28 - 12/14

Session 2: 2/20 - 3/6

Basics of the program as well as exploring multi-page layouts, formatting, graphics & pictures.

WORD II - \$65

3/20 - 4/5 T & TH 6 - 8:30 pm

Master more advanced features. Customized formatting, creating charts, mail merge, and more.

EXCEL I - \$65

T & TH 6 - 8:30 pm

Session 1: 10/24 - 11/14

Session 2: 4/10 - 4/26

Start & navigate worksheets, screen layout, toolbars, formatting, editing, general formulas.

EXCEL II - \$65

5/1 - 5/22 T & TH 6 - 8:30 pm

Advanced Excel class. Refined spreadsheets, functions, formulas, data, layout, and pivot charts.

POWERPOINT - \$65

5/29 - 6/5 T & TH 6 - 8:30 pm

Learn how to create, lay out and embellish a presentation to wow your audience.

PC CONSTRUCTION/COMPUTER REPAIR - \$125

1/30 - 3/24 T & TH 5:00 - 7:30 pm

Build an IBM compatible computer from the ground up, learn hardware & troubleshooting.

COMPUTER FUNDAMENTALS - \$65

T & TH 6 - 8:30 pm

Session 1: 10/17 - 11/7

Session 2: 1/23 - 2/6

Basic understanding of the personal computer. Use it for personal, job search & career.

ADOBE ILLUSTRATOR - \$175

10/17 - 12/14 T & TH 5:15 - 8:15 pm

Basics of graphic design and design of logos, business cards, brochures, setting up files, screen printing & many other print materials. Learn how to use Illustrator with Photoshop to increase versatility.

ADOBE PHOTOSHOP - \$175

1/30 - 4/12 T & TH 5:15 - 8:15 pm

Make your business look great with basics of non-destructive photo editing, retouching, web, layers, selections, effects, masks, vector graphics, typography, and more.

INTRO TO DIGITAL PHOTOGRAPHY - \$158

T 6 - 9 pm

Session 1: 10/17 - 12/12

Session 2: 1/30 - 3/27

Aesthetics & techniques of digital photography. Equipment, composition, creativity, and more.

INTRO TO WEBSITE DESIGN - \$168

M & W 6 - 9 pm

Session 1: 10/16 - 1/28

Session 2: 1/29 - 3/28

Create & publish your own website. Learn basics of HTML, CSS, Javascript, and PHP. Learn how to maintain a WordPress site. Class designed to build a new website, not edit existing sites.

INTRO TO QUICKBOOKS PREMIER 2017 - \$99

M & W 6 - 8:30 pm

Session 1: 10/16 - 11/8

Session 2: 5/14 - 6/11

Intro training for beginning and intermediate QuickBooks users will focus on: Creating a New Company, Chart of Accounts, Accounts Receivable & Payable, Invoicing, Job Costing, Inventories, Payroll, and much more. Covers basic accounting procedures, as well as Microsoft Word and Excel use in QuickBooks.

ADVANCED QUICKBOOKS PREMIER 2017 - \$99

1/15 - 3/5 M & W 6:30 - 8 pm

Intermediate/Advanced Training will focus on: Advanced Sales, Purchasing, Handling Complex Situations, Advanced Reporting, Advanced payroll features, and secrets to unlock the power of QuickBooks. Covers basic accounting procedures as well as Microsoft Word and Excel use in QuickBooks.

dixietech.edu
435.674.8400

INTRO TO ANDROID/GOOGLE SMARTPHONES - \$78

M & W 6 - 8:30 pm

Session 1: 10/16 - 11/8

Session 2: 1/29 - 2/28

Maximize your smartphone. Initial setup & personalization, email, multimedia, social media, and backup. Sync Google accounts.

USING GOOGLE APPS & OTHER FREE CLOUD TOOLS - \$78

3/19 - 4/11 M & W 6 - 8:30 pm

Harness the Cloud, access files & pictures, share & collaborate. If you have a small- or medium-size business, this could be the answer to soaring software prices.

IPHONE 101 - \$99

T & TH 6 - 9 pm

Session 1: 10/17 - 10/24

Session 2: 1/6 - 2/3

You have an iPhone. Learn to use it to make life easier. Learn how to use the potential of this world-changing device to your benefit.

IPAD 101 - \$99

T & TH 6 - 9 pm

Session 1: 11/2 - 11/16

Session 2: 3/27 - 4/10

Apps, iCloud, Multi-touch, and Magic. iPad replaces PC; come see what it's all about.

MAC 101 - \$78

2/13 - 3/8 T & TH 6 - 8:30 pm

Maximize your Mac. This class will cover Mac Hardware, OS X & the built-in iLife applications.

WINDOWS 10 101 - \$38

T & TH 6 - 8:30 pm

Session 1: 10/17 - 10/18

Session 2: 2/13 - 2/15

This class will teach you how to use the Windows 10 start menu & desktop, plus download and use apps.

TECHNOLOGY

UNARMED SECURITY - \$250

M - TH 4 - 10 pm

Session 1: 10/26 - 10/26

Session 2: 11/10 - 11/10

Session 3: 12/11 - 12/11

Session 4: 1/16 - 1/16

Session 5: 2/20 - 2/20

Session 6: 3/12 - 3/12

Session 7: 4/20 - 4/20

Session 8: 5/14 - 5/17

Learn basic fundamentals & angles of security. Patrol techniques, handcuffing, laws of arrest, code of ethics, and more.

ARMED SECURITY - \$250

M - TH 4 - 10 pm AND

S 12 - 6 pm (Sat)

Session 1: 10/27 - 10/28

Session 2: 11/17 - 11/18

Session 3: 12/16 - 12/16

Session 4: 1/19 - 1/20

Session 5: 2/16 - 2/17

Session 6: 3/16 - 3/17

Session 7: 4/13 - 4/14

Session 8: 5/13 - 5/19

Learn basic fundamentals of firearm safety and security. Legal issues & regulations. *Practical time included.*

GIS (GEOGRAPHIC INFORMATION SYSTEMS) NTSC - \$200

3/5 - 4/19 T & TH 6 - 8 pm

Basic principles of Cartography using GIS computer software ArcGIS Pro. Visual, display, create, and analyze & present geospatial data using the latest ArcGIS mapping.

DRAFTING (AUTOCAD) - \$185

3/31 - 5/11 W 6 - 8 pm

Drafting means the time. Students learn the use of the drafting table & receive instruction in AutoCAD. Students can use this time as a supplement to their program courses.

PARALEGAL FUNDAMENTALS - \$350

3/21 - 4/24 M & W 3 - 8 pm

Paralegal course work.

Introductory training that will better qualify you to get a job at a law office doing paralegal work.

BASIC WILDLAND FIRE FIGHTER TRAINING - \$200

T & TH 6 - 8 pm AND S 12 - 6 pm

Session 1: 11/28 - 12/10

Session 2: 3/28 - 4/7

Do you want to be a Wildland Firefighter? This 40-hour course provides the skills and knowledge necessary to become a Wildland Firefighter for federal, state, local fire departments and private fire contractors. For those wishing to gain employment with federal and private firefighting agencies, you are required to have the Basic Wildland Fire Training. This course meets NWCG Firefighter requirements for fire line work. *Call for information about other Wildland Fire Training Courses available (435-674-8644).*

SECURITY

PROFESSIONAL

HUMAN ELEMENTS OF HUMAN RESOURCE MANAGEMENT - \$350

10/17 - 11/5 T 6 - 8:30 pm

This is an introductory course covering a complete overview of human resource roles and responsibilities. The course covers real-life HR issues and current, vital topics and techniques for effectively handling daily HR and people management challenges.

Session 2: 2/6

Session 3: 5/10

A representative from UDOT, Utah LTAP & ATSSA will be teaching the course. Receive National (ATSSA) and Utah State (UDOT) Flagger Certification, valid for 3 years.

CLASS B CDL LICENSE PREP/RE-CERTIFICATION COURSE & SCHOOL BUS DRIVER OPERATOR COURSE (S & P ENDORSEMENT)

Visit dixietech.edu for specific course dates & times.

Classes scheduled by request - Call 435.674.8644 to waitlist

This course will include training on vehicle components, loading/unloading students, emergency procedures, defensive driving and other operational and human relations topics covered on certification exam. After successful completion and proficiency, the attendee will be qualified to apply for school bus driving jobs. Current employees need to attend for recertification of CDL license renewal every 5 years.

HEAVY EQUIPMENT OPERATION LEVEL 1 - \$375

Sessions: 1/17 - 12/9

T/TH 8 - 8:30 pm AND 3 Saturdays 8 am - 4 pm

Saturdays: 1/16, 12/2, 12/9

Sessions 2: 2/6 - 3/3

T/TH 8 - 8:30 pm AND 3 Saturdays 8 am - 4 pm

Saturdays: 2/17, 2/24, 3/3

Intro to the following: terminology, basic safety, career opportunities, overview of OSHA, MSHA and NIOSH, proper PPE and maintenance & much more.

Upon completion of class, or if you have experience, you can move on to level 2 & 3.

HEAVY EQUIPMENT OPERATION LEVEL 2 - \$375

3/27 - 4/21

T/TH 8 - 8:30 pm AND 3 Saturdays 8 am - 4 pm

Saturdays: 3/31, 4/14, 4/21

Expand your Level 1 knowledge in relation to setting & interpreting grading stakes, control surface, ground water on dirt road conditions.

Prerequisite: Heavy Equipment Operation - Level 1 class.

Upon completion of class, or if you have shown competency from work related experience, you can move on to level 3.

HEAVY EQUIPMENT OPERATION - LEVEL 3

INDIVIDUAL EQUIPMENT CERTIFICATIONS

Fee: varies by equipment type & required hours

Classes scheduled by request

Call 435.674.8644 to waitlist

Students choose equipment from the list below to receive specific hands-on training and certification to meet industry recognized competencies:

Excavators, Backhoes, Loaders, Motor Graders, Scrapers, Skid Steers & others as requested

Prerequisite: Heavy Equipment Operation Level 1 and 2 classes or proof of Level 1 or 2 competency

BUILDING CONSTRUCTION BASICS - \$240 (*\$125)

M & W 6 - 8:30 pm

And 2 Saturdays 8 am - 5 pm

Session 1: 10/30 - 12/9 Saturdays: 11/18, 12/9

Session 2: 1/29 - 3/10 Saturdays: 2/17, 3/10

This course is offered in partnership with the Southern Utah Home Builders Association (SUHBA) to help prepare students for a lucrative career in the building construction industry. The course provides an overview and introduction to the many trades and skills that the building industry encompasses. Basic safety, material handling, and rigging will be covered. Construction math, hand & power tools, construction drawings, concrete, framing, masonry, HVACR, drain, waste and vent systems, plastic pipe & fittings, electrical safety, as well as basic communication and employability skills.

*Price includes SUHBA a reimbursement scholarship that may be available upon completion of course - Call 435.674.1400

OSHA #511 OCCUPATIONAL SAFETY & HEALTH STANDARDS FOR GENERAL INDUSTRY - \$695

12/5 - 12/8 T - F 8 am - 5 pm

Describe and use the OSHA General Industry Standards and Regulations to supplement an ongoing safety and health program. Dixie Tech partners with The Mountain West OSHA Education Center to offer OSHA classes.

For more information and to register for these OSHA Training classes call 801.581.4055 or visit:

<http://medicine.utah.edu/rmcoeh/continuing-education/course-schedule.php>

PIPE FITTING & INSTALLATION 101 COURSE BEGINNING EARLY SPRING 2018

Local employers have jobs available NOW for those who have basic skills and knowledge in underground utility installation. The course will cover best practices to successful installation of underground wet utilities. Students will learn jobsite safety procedures, proper tools and equipment used for cutting, rigging, delivering pipe and other structures. Introduction to elevations, gaskets, joints, common pipe fittings, trench safety, foundation stabilization, bedding, dewatering, and testing the piping used in projects.

(EPAE) ELECTRICAL PRINCIPLES FOR ALTERNATIVE ENERGY - \$250

1/29 - 3/7 M & W 6 - 9 pm

Basic understanding of electricity with use of National Electrical Code that pertains to renewable energy fields.

**Prerequisite for Solar Photovoltaic Basic*

SOLAR PHOTOVOLTAIC - BASIC 101 - \$350

3/26 - 5/9 M & W 6 - 9 pm

Provides an overview of the 3 basic solar power system applications, primarily focused on grid direct systems.

Prerequisite: EPAE class

SOLAR PHOTOVOLTAIC - BASIC 202 - \$250

5/14 - 7/2 M & W 6 - 9 pm

Builds off the previous two solar classes. Site assessments, mechanical & electrical adaptation designs, system checkouts, performance & more.

Prerequisite: EPAE & Solar Photovoltaic 101

BASIC WELDING

T 5:30 - 9 pm

Session 1: 10/17 - 12/12

24.5 hour class Fee: \$105

Session 2: 1/23 - 5/15

56 hour class Fee: \$225
